DETAILED ACTION

Response to Amendment

Applicant's amendment filed on 9/29/04 has been considered and entered.

Specification

The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Allowable Subject Matter

Claims 1-10 are allowable.

The following is an examiner's statement of reasons for allowance: Claims 1-10 are allowed over the prior art of record. The prior art fails to teach or suggest a method for data compressing that implement the following steps ;. (a) recording a first waveform at a plurality of data points; (b) compressing said data points by a first protocol to derive a first compressed data; (c) compressing said data points by a second protocol to derive second compressed data; and (d) comparing said first compressed data to said second compressed data to determine which would require less memory for storage.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Cited References

The prior art made of record and not replied upon is considered pertinent to application's disclosures. The cited references relate to data compression.
